

# SEASON'S GREETINGS

from us - to you

## SUN BEAMS

By WALTER M. BARRETT

Despite a general recession of business throughout the state, Truckee merchants this year report a greater Christmas selling than in any year previously. There can be only one answer—local shoppers are learning that they can buy at home and save money and at the same time perform a community service far reaching in its influence. Perhaps local merchants too, have found that by competing as they do with mail order houses and larger center stores and with good consistent advertising that they can attract the business which is rightly theirs. Be that as it may, Truckee's merchants are duly appreciative of your patronage and you may rest assured that from ever dollar you spent here you will be repaid in one or another way. When you spend out of town a part of your money is returned, but instead goes to build up that community where you spend it. By buying at home you not only helped your local merchant, but in a direct and certain manner you also helped yourself.

The other night, we were privileged to witness and enjoy one of the best programs it has been our pleasure to attend since coming to Truckee and we were glad to see that many others enjoyed it as well. The affair was arranged as a reception for the new minister and his wife, Mr. and Mrs. Ernest Everett, who really do deserve the splendid gesture. The songs, instrumental selections, especially the piano trio by Mesdames Bryant and Cabona and Miss Rosarini, were appropriate and well rendered. However, in our opinion, the most impressive item on the fine program was a brief encore reading by Frank Gaiennie, truly a noteworthy elocutionist. Sometime we hope to publish that reading in its entirety. We don't recall the title nor the author, but its gist was one to remember. It pointed out that regardless of how intolerable or unlikable a person may appear on short acquaintance, he no doubt is possessed of splendid and worthwhile attributes. In that recitation there is food for thought. Get to know a man and he is seldom, if ever, near as bad as you at first thought. Don't criticize him or his ideas until you know him and then the chances are that you will agree with the sage poet who said that to know a man is to like him.

We sincerely wish you a merry Christmas.

### PATRICIA SHANK IS HONORED IN PARTY AT TAHOE HOME

TAHOE CITY, Dec. 23.—On Wednesday, Mrs. Bud Mandeville was hostess at a children's party given in honor of Miss Patricia Shank, five year old daughter of Mr. and Mrs. Lloyd Shank of Carnelian Bay. Little guests who shared the jolly afternoon were Patricia English, Dale Burke and Buster and Dick Mandeville.

#### Don't Forget—

that this evening at 7:30 o'clock the smaller children of Truckee will be guests of the Donner Garage where Santa Claus will greet them and distribute candies from the gayly lighted tree.

#### Return Home—

Mrs. E. H. Hommon has returned from Pasadena where she enjoyed a vacation with relatives for two weeks.

#### At Sister's Home—

Dan D. Smith, local Nash dealer, has left to spend the holidays at his sister's home in Oakland.

#### Here For Christmas—

Miss Elsie Edmunds is home from Sacramento for the vacation.

#### In Grass Valley—

Mr. and Mrs. Vern Shattuck are planning to spend Christmas in Grass Valley with relatives. There will be no show at the Donner Theater on Saturday.

### BURGLAR FOILED IN ATTEMPT TO LOOT STORE HERE

Window Broken In Office As Thief Tries Entering Building

#### COUGH ROUTS THIEF

Second Similar Attempt Is Reported From Tahoe District

The cough of a watchman at the California restaurant is credited with foiling the robber who attempted to break into the office of the Truckee Public Utility District here last Sunday morning.

The watchman, who was in the adjoining building said that early Sunday morning he heard someone in the alley, but gave the matter little thought. He coughed and the unfamiliar sounds stopped.

It is believed the burglar was frightened and left his job uncompleted.

The attempted burglary was discovered by C. Edmunds, manager of the district. He said that the thief had broken the glass from the mesh in the door, but being unable to reach the lock, had employed an extension bit which was used to bore a hole in the door. He had just about made a hole sufficiently large to permit him to reach the lock when the job was abandoned.

The work of the burglar was similar to the tactics employed by two men this week who attempted to break into a Tahoe City service station.

### TAHOEANS BACK TO CALIFORNIA AFTER TOUR OF 7000 MILES

East, west—home's best—So opines C. O. Valentine in a letter to the Sierra Sun from Los Angeles where the Valentines are now located "to kill time" until they arrive at Lake Tahoe in May.

The Valentines have just completed a 7,000 mile motor trip through 20 states and three foreign countries and express themselves as being more than ever delighted with California in general and this region in particular after having the advantage of traveling and viewing other places in a leisurely and discerning manner.

### EASTERN STAR PARTY WELL ATTENDED; RECESS IN PLANNED

The Christmas party given by Truckee Chapter No. 116, O. E. S. on Tuesday evening was well attended.

Mrs. J. B. Maxson and H. I. Snider were awarded prizes for high scores at bridge and Mrs. Carl Weeks and G. E. Hofmann were given the consolatory tokens.

Refreshments were served and the table decorations were in gay holiday colors. Each guest was presented with a gift by Mrs. Weeks, worthy matron.

The next meeting will be held on the first Tuesday in March following the lodge vacation.

#### From Sacramento—

Billy McAdams is here from Sacramento where he attends school to spend the holiday with his parents.

#### With Relatives—

Mrs. Dan Smith will spend Christmas with relatives in Stockton.

### Christmas Fete To Be Tomorrow At Local Church

Program To Be Presented In Observance Of Holiday

A community Christmas tree and program will be enjoyed at the local Community Church tomorrow evening at 7:30 o'clock. Everyone is cordially invited to share in the special event.

Due to the fact the Rev. E. R. Everett and his family have been invited to a family reunion at Yuba City on Christmas Day, there will be no Sunday school or church services at the Community church on Sunday.

### Reception For Pastor, Wife Is Well Attended

Splendid Program Offered In Packed Church At Reception

With the Community Church filled to capacity, a program and reception honoring Rev. and Mrs. Ernest R. Everett, newcomers here, was given last Thursday evening.

The affair was arranged by a group of local women and was sponsored by the P. T. A. Vocal and instrumental music, recitations, readings and community singing, followed by the serving of refreshments, made the evening one to be long remembered, not alone by the honored guests, but everyone attending.

Mrs. Lotta Bryant was master of ceremonies and it was under her able direction that the program was presented.

The program opened with community singing, followed by a recitation given by Kenneth Everett. The choir of young voices, under the leadership of Mrs. George Kamp was enjoyed in several numbers.

Frank Gaiennie earned the hearty applause for his readings and Mary Roquette was heard in an enjoyable vocal solo, accompanied by Miss Rosarini.

Probably the most outstanding feature on the program was the piano trio with Mrs. Bryant, Miss Rosarini and Mrs. Ametta Cabona all playing on the one instrument. They chose as their selection the beautiful Poet and the Peasant and the rendition was worthy of a place on the best concert stage.

Miss Marjorie Everett pleased with a skit in negro dialect.

Home made cakes and coffee were served by the ladies at the close of the affair.

#### Back in Truckee—

Arthur (Slim) Ellert has arrived in Truckee after visiting with relatives and friends in the valley region.

#### Visits Relatives—

Mrs. S. M. Richardson has returned from Reno where she spent a week and where she was feted at an afternoon affair at the home of her son and daughter in law. She will spend the Christmas holidays with her daughter at Napa and later go to San Francisco for a short time.

#### Odd Fellows Meeting Date—

The Odd Fellows Lodge of Truckee will resume meeting on January 8. The intervening meeting dates will be cancelled as they fall on the two holidays.

### WINTER USHERED INTO MOUNTAINS; BIG SNOW FALLS

Bids Well For Truckee's Big Winter Sports Program This Year

#### WHITE CHRISTMAS

Traffic Undelayed During First Major Snow Storm Of Season

Clearing skies and rising barometers today indicated that the sudden and somewhat unexpected storm of Wednesday afternoon and night, which deposited more than eight inches of new snow in this region, has expended itself.

The storm bids well for Truckee's winter sports program and assures visitors of the customary White Christmas which they have learned to expect in Truckee and Lake Tahoe.

While the snow fall on the Donner Summit was considerably more than recorded in Truckee, snow plows kept the roads open to both heavy and light motor traffic, with chains being required.

While the snow was insufficient to provide good skiing, an ideal foundation has been laid. The storm did not spoil the chances for the proposed early opening of the new ice rink here.

### LIONS CLUB HOLDS ANNUAL HOLIDAY PARTY AT DINNER

With nearly 100 per cent attendance the Truckee Lions Club last night staged its annual Christmas party at the California restaurant. The hall was nicely decorated in greenery and holiday colors, with a large Christmas tree predominating. Presents were dispensed by Santa and special Christmas songs enlivened the meeting.

The committee responsible for the success of the party was headed by A. P. Leitch, President C. Edmunds was in charge of the brief business session.

### WINTER ARRIVES IN OFFICIAL MANNER ON DECEMBER 22

Old Man Winter spread his cloak over the northern hemisphere officially on Tuesday, December 22.

On that date the north pole is turned away and this hemisphere receives less heat than at any other time.

Even though it may seem longer, winter is the shortest season of the year in this part of the world, having 69 days while autumn runs a close second with 90 days and summer and spring lag with 93 days each to their credit.

#### Teachers Away—

Miss Anna Marie Munro is spending the vacation in Berkeley while Miss Marian Lathrop is in Sacramento and Miss Evelyn Reynolds has gone to her parents' home in Southgate for the holidays. All three are teachers at the high school.

#### Home From School—

Gino Digesti has returned from school for the holiday recess.

#### Back From City—

Miss Yvonne Gaiennie returned on Tuesday from a visit in San Francisco.

### Lady Luck Smiles On Summit Man; Purse Returned

Lady Luck and honest Truckee businessmen were with John Ellis of Norden on Monday evening when he recovered a pocket book, containing valuable papers and considerable currency after he had dropped it when alighting from his car.

Ande Orez and Walter Ashton were conversing in front of their stores when they saw the pocketbook lying just off the sidewalk. Upon examination they quickly looked up the owner who was not yet aware of his loss, but who appreciated greatly having it returned intact.

Ellis who has been in the vicinity of Norden for several years during the skiing season, was recently married to Miss Evelyn McGee of San Francisco. They will reside near the summit where he is interested in a private snow sport enterprise.

### Committee Busy On Arrangement For Annual Party

Good Time Assure Here For New Year With Local Legionnaires

Preparations are under way for the annual New Year's Dance to be given Friday night, December 31 at the Masonic hall.

As in recent years, the affair is sponsored by Truckee Post, No. 439, American Legion, and the veterans are sparing no efforts to make the celebration even more enjoyable and entertaining than in past years.

Heading the committee is Frank Kinne, post finance officer who has named as his assistants Henry Luhr, Andy Roquette, Charles Pierce and H. O. Anderson.

A good orchestra with a good crowd will assure a good time.

### MRS. DICK FISHER IS HOSTESS TO GROUP AT HOME IN TAHOE

TAHOE CITY, Dec. 23.—Mrs. Dick Fisher of Crystal Bay was hostess on Thursday last to a group of neighbors and friends at her home. Needle work occupied the pleasant social hours of the afternoon and dainty refreshments were served.

Those attending included Mesdames Fred Barton, Will Laughlin, George Hoop, Margaret Hoop, William Rheinfleish, Welch and Long, the latter to entertain at her home today.

### EDWARD DELMEL IS DEAD FOLLOWING SHORT ILLNESS

TAHOE CITY, Dec. 23.—Word was received on Monday by Mr. and Mrs. Lee Garner of Cedar Crest of the death of Edward B. Delmel, 35, in a Phoenix hospital on Friday from unknown causes. He was ill only a few days.

Delmel was bookkeeper at the Tahoe Mercantile at Tahoe last summer and made many friends during his stay here. He leaves a daughter, Lois, 5, who is being cared for by relatives in Nevada.

#### In San Francisco—

R. Joseph went to San Francisco this week and will be accompanied upon his return by his son, Lavon, student in Sacramento.

#### TRUCKEE

The Recreational Center Of the SIERRA

### JOHN COUGHLIN, TRUCKEE PIONEER, EXPIRES AT HOME

Last Rites Will Be Held On Sunday At Local Church

#### WAS WIDELY KNOWN

Came To California in Early Days To Engage In Building

Funeral services will be held at 2 o'clock Sunday afternoon at the Catholic Church here for John Coughlin, 80, pioneer Californian and for more than half a century a resident of Truckee, who expired at his home here Wednesday morning following a brief illness.

Although in failing health for some time, Coughlin had been able to get about town where he enjoyed conferring with old friends, until a few days ago, when he was stricken.

A native of North Adams, Mass., Coughlin was born on October 30, 1857. In the late 60's, when a mere boy, he came west to California and at first resided in the Sloughhouse district near Sacramento. Later he went to Wheatland where for many years he worked for the old Jasper family.

Coming to Truckee more than 50 years ago, Coughlin engaged in the building business and was employed here, at Hobart Mills and in other localities. His work was in demand in San Francisco, Sacramento and other cities and while he left here many times for intervals, he always claimed Truckee for his home and here gained the respect and friendship of all who knew him.

His wife expired here in 1910 and was buried in the family plot at the local cemetery, where Coughlin's body will rest following the services to be conducted by Father Daley here on Sunday.

Surviving is one daughter, Mrs. Charles A. Carrau and a granddaughter, Miss Charolette Carrau, both of Truckee; a sister, Mrs. Josephine Purcell of Folsom; a niece, Miss Elizabeth Purcell, teacher at Orangevale and a nephew, James Purcell, a San Francisco attorney.

The sympathy of the entire community goes out to the family of one of Truckee's fine old pioneers.

### OUTING CLUB WILL SELECT QUEEN AT LOCAL GATHERING

There will be a meeting of the Ski Club of the Truckee Outing club at 7:30 p. m. on December 27 to elect a Winter Sports queen to represent Truckee at the Winter Festival in Sacramento.

The public is welcome and urged to attend.

### TAHOE MAN GIVEN QUILT BY LOCAL CATHOLIC CHURCH

Father William Daley announces that Sam J. Perrone of Tahoe City and Castle Hot Springs, Ariz., was given the crocheted bed spread donated for the benefit of the local Catholic Church.

#### From Wells—

Miss Amelia Zorich has returned from Wells for the holidays to be with her father and mother, Mr. and Mrs. J. Zorich and family.

### MERRY CHRISTMAS!

We could, perhaps, write reams of greetings, even a few flowery verses, but they would still be mere words and could not serve to express our true feelings or the thought which we wish to convey, so by just confining our selves to those two true and tried words "Merry Christmas", we hope make you understand that that is truly our wish for you and yours.

### CALIFORNIA HAS EVERYTHING

As the first rains fall and soft fog rises from the sea, California doffs her autumn mantle of gold and brown for fairer raiment of green and white—green for her rolling hills, white for her towering mountains that stand like a bulwark against blinding storms beyond.

Old Man Winter smites east of the Sierra with a heavy hand, laying the country low with his chilling grip. But on the threshold of California he pauses, then with a gentle touch like a caress, he crowns the high Sierra with a sparkling diadem of snow.

Far below him, down the long slopes of the sun-kissed valleys, violets and lilies spring magically into bloom and the annual winter Festival of Roses soon sweeps to its colorful climax. There, too, a hundred thousand football enthusiasts will pack the great arena where yearly the Rose Bowl game is staged, played under cloudless skies.

For those who love a White Christmas, Californians have only to lift their eyes to the eternal hills that guard her eastern frontiers.

From now until spring, gay parties from the cities will set forth in quest of winter sports, their starting gun the first hard snowfall to pack the alpine slopes.

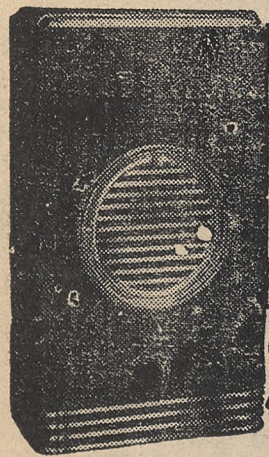

From the towering crest of Mt. Shasta to the southern tip of Whitney, they follow the ski-trail blazed by thousands of winter sports enthusiasts in their rush to adjacent snowfields.

Truckee, Lassen and Norden; Soda Springs, Cisco and Tahoe; Calaveras, Pinecrest, Sequoia and the Yosemite—each claims its quota of pleasure seekers, multiplying as the resorts increase.

Let New Yorkers boast of Lake Placid; Idaho of Sun Valley; California still has everything.

### Politically Speaking

By Jack Welter  
United Press Staff Correspondent

SACRAMENTO, Dec. 23.—(UP)—The well-known and somewhat over-worked rumors backstage would tend to convince the average observer that the Democrats are laying back, fairly drooling in anticipation and all primed to make the utmost political capital of Gov. Merriam's special legislative session early next year.

If you should happen into the state capitol building any week day and collar the first person you find in the hallways—even though he be a brand new newcomer from Iowa, peering open-mouthed into the upper reaches of the capitol dome—he undoubtedly would volunteer without prompting that it is sheer political suicide for an incumbent governor to call a special session during an election year.

That is the situation in the capitol today. From the casual visitor on up, nearly anyone agrees that what the Democrats will do to the administration on the subjects of relief, taxation, social security, prison affairs, the tideland oil issue, low cost housing and sundry other touchy and inflammable matters will be a scandal to the jaybirds.

But on the other hand, this special session may be called, its business polished off and the delegates go home without inflicting so much as a genuine scoring blow upon the

### HITS TAXES

Herbert C. Legg, vice chairman of the California Democratic State Committee, who charges Gov. Merriam is accumulating a "surplus" in the state treasury at the expense of California's common-property taxpayers.

governor.

This seemingly ridiculous suggestion might materialize for a dozen reasons, but it seems that the only one needed to back up the theory is evident in the length of time it has taken for the session to build up to a near reality.

First rumors that the state's lawmakers might be called back drew flat denials from the governor. When reporters ran dry of questions at executive press conferences, the special session inevitably was brought out for a new whirl. It got to the point where even the governor seemed to find negative comments boring.

And then out of a clear sky, Merriam hustled from his office, his brow unwrinkled and his manner easy, and informed the press that a special session probably would be necessary to "protect the state's interests" in the oil situation.

From the viewpoint of the amateur diagnostician rather than the experienced political observer, it would seem that the governor is all set to parry the opposition's best thrusts, or at least is not overly concerned over them.

Merriam is recognized as a capable

gentleman who seldom starts a journey unless he knows where he's going. It appears as though he has his sights well trained in this instance.

There is one subject which apparently is causing administration aides more concern than half a dozen special sessions.

That is an evident rift between the governor and his legislative aide de camp, State Senator William P. Rice of Marysville.

Marquez-Grace Line Photo

### TLACHIQUERO AT WORK

SIPHONING out the sap of the maguay plant is one of the first steps in the making of pulque—that potent drink which puts pep into native fiestas in South America. The maguay plant is a form of cactus and when full grown, is an upside down looking affair with ten foot leaves massed in artichoke formation near the ground, giving rise to a flower stalk which often grows to a height of twenty-five feet and bears thousands of flowers. Plants such as this are among the strange sights offered to travelers taking the fortnightly cruises to Mexico City by way of Central America.

When the plant is ready for harvesting—just before the flowers are born—the tlachiqueros cut off the

newly formed flower stalk and dig out the heart. In the hollow pocket thus formed, the sap gathers which in the normal course of events would rise in the flower stalk and feed the flowers. As this honey water collects in the hollow, the tlachiqueros make the rounds, two or three times a day, and siphon out the fluid. The siphons, or accotes as they are called, are in the form of long gourds with a small pipe at each end. One end is placed in the sap pocket; the other, in the mouth of the tlachiquero; and the sap drawn by suction into the gourd and from there emptied into the keg. These kegs are then taken to the hacienda; and the honey water is placed in large vats to ferment. The resulting pulque has a six percent alcohol content and is very powerful.

# TAHOE REGION NEWS

By Swanee

## FORMER TAHOANS SUFFER LOSS IN RECENT FLOODS

TAHOE CITY, Dec. 23.—Old time residents of Tahoe will be grieved to learn that members of the George West family, who resided for several years at Tahoe Hatchery, where Mr. West was in charge, underwent a sad experience during the recent flood which was almost state wide.

On Friday morning of last week at the peak of the storm a cloud burst struck Ukiah's Potter Valley district where they live, with disastrous results. Four cabins and a large dance hall situated above Ukiah hatchery were torn from their foundations and swept away. With terrific force, the wreckage struck everything before it, completely crushing to bits the hatchery, their cabin, garage and house, carrying it swiftly down stream 200 yards.

Butler West in writing of the affair declared that one of his fathers record books was carried 65 miles, his sister's cedar chest being recovered four miles down stream in a log jam.

Little of anything was saved, the family belongings and heirlooms being destroyed.

## TAHOE PERSONALS

The membership drive of the Lake Tahoe Ski club is making wonderful progress, many new members joining. Donations from resorts, businessmen and individuals are swelling the club treasury.

Miss Anne Milton and party spent the week end at the Milton home.

## PROGRAM ENJOYED BY LARGE GROUP AT GRADUATION

TAHOE CITY, Dec. 23.—Lake Tahoe grammar school enjoyed one of the largest audiences ever gathered together for the closing program on Thursday evening in the local auditorium. Undoubtedly absence of snow and ease of travel contributed to the full house. Dr. John Napier of Auburn gave an interesting talk and presented diplomas to James Park and Blake Goss.

A delightful program was rendered by members of the elementary grades which met with hearty approval. Christmas stories and playlets in song and group and community singing of old time carols added much to the enjoyment.

Special ribbons were awarded a group of nine students for outstanding nature study work. They included Leatrice and Blake Goss, each of whom received two ribbons, Florence Nelson, Billy Jean Gibson, Jacquelyn Crawford, Peggy Lewis, Frances Park, Pete Vanni and Stuart Pyle.

The orchestra, under the personal guidance of Mr. Otto Fox rendered several excellent numbers, demonstrating the progress these youngsters continue to make under his tutelage. Miss Jacquelyn Crawford dressed in a jaunty blue cadet outfit with brass buttons, and accompanied by the orchestra, was forced to give a second performance of her novelty tap number, the stair dance.

Stuart Pyle engineered the showing of interesting pictures taken during school term.

A second short program was held on Friday at which time class presents were distributed from the gay lighted tree and the teachers Miss Myrtle Gallinger and Mrs. Amy Steinman received a wealth of tokens from their appreciative charges. The Tahoe Mercantile, Atherton's Grocery and N. R. Mayfield were among the merchants donating candy, nuts and fruit or money to the Christmas fund. Mrs. Stella Watson also presented each child with a gift.

Leslie and Allen Atherton of Modesto will spend the holiday season with their parents at Tahoe.

Mr. and Mrs. Henry Droste and family from Oakland have opened their summer home, where they will spend the holiday season.

Miss Harriet Seabright of San Francisco and niece of Henry Worden is spending the holidays at Worden's Tahoe home on Ward creek.

Albert W. Henry, Jr., is home for the holidays. He is attending the California Polytechnic College at San Luis Obispo.

Sig Ulland, chief of hill of the Lake Tahoe Ski club, is planning on reconstruction of the ski hill so that a jump of 225 feet will be possible.

Kathleen Anderson and James Worden, students at the University of Nevada are home for the holidays. Both of these students are very active ski enthusiasts.

BUY IT IN TRUCKEE

## Tahoe Ramblings

(By SWANEE)

It is not likely that Supervisors McFadden and Geisendorfer will motor to Tahoe to view the Commons as planned very soon as we hear Geisendorfer met with an unfortunate motor accident which will lay him up in the Colfax hospital with a broken leg.

Mr. and Mrs. N. R. Mayfield have departed from their home in Tahoe to spend an indefinite vacation in various sections of the state with friends and relatives.

Mr. Mayfield has erected around his attractive home in town a 125-foot rock fence which when complete will be studded with wood picket between pillars, greatly enhancing the appearance of his property and cheating some of the wandering cows of some rare lawn next summer.

Professor Henry Hinkle is anticipated home for the Christmas holidays with his family from his teaching position in a New Mexico college.

Mrs. Valentine Woodhouse and two children, Doris and David, of San Francisco, arrived on Saturday to spend two weeks' vacation at the V. S. McClatchey summer home in the Sunnyside district.

Mr. and Mrs. C. O. Valentine who went east late this fall to purchase a new car and see a bit of the country were reported last vacationing in Havana. They will end their leisurely trip in southern California where they winter annually.

Mr. and Mrs. Tejas Edwards and

two children have arrived at Tahoe for the winter. Mr. Edwards recently of the Feather River and Mt. Whitney hatcheries, replaces Bill Fiske at the Tahoe hatchery, Mr. and Mrs. Fiske having been transferred to Lake Almanor.

An unsuccessful attempt was made Wednesday night last to break into a closed service station at Hunters Lodge near Homewood, according to Constable Harry Johanson, who investigated. Two men were reported to have driven up in a car, one getting out and with a glass cutter removed a pane of glass from the window. Lee Garner, caretaker at Cedar Crest heard the operations and started to investigate but the men fled before his arrival. It is believed they planned to steal gasoline stored there. Constable Johanson secured an accurate pattern of both shoe prints and tire marks for future reference.

Tahoe highways will soon return to normal following the almost unprecedented damage done by the recent record breaking storm. The road around the lake via Brockway on the north end is in excellent condition. At Taylor creek, on the south end, upon which the Tallac Fish Hatchery stands, considerable clearing and rebuilding must still be done. The creek there became clogged during the storm with huge trees, and debris, piling up an impassable obstruction, overflowing the banks of the creek and forming a channel some seven feet in depth across the highway. Tireless efforts of loyal highway crews, who went sleepless for two days, saved the hatchery and prevented more serious damage.

Every effort is being expended to bring traffic conditions back to normal. The Emerald Bay grade, while passable to highway equipment only, is still officially closed to the public. Telephone service has been completely resumed.

Duck hunting, popular sport of the month, is not all that could be de-

sired at this writing. The ducks and hunters appear unable to get together. When the ducks proceed to the inland the hunters have been laying in wait far out from the water's edge and when the ducks decide to stay out and swim the hunters wait for the birds inland. A little closer cooperation is being hoped for before the snow flies or the season is closed.

No further word regarding the new post office since last week. Space daily becomes more congested in the present location and Postmaster Janet Watson is literally buried under the Christmas mail.

## MEEK'S BAY ITEMS

The H. and W. Philanthropic Club of Meek's Bay and vicinity met on December 9 with 22 present, Mr. and Mrs. Charles Heller being the hosts.

The members have just reason for being proud for the large attendance was enjoyed despite the downpour of rain. The Christmas party and the philanthropic work is creating wide interest.

On December 16 Mr. and Mrs. Radford Kiefer were hosts for the club and all arrangements were completed for the Christmas party and for the distribution of toys and gifts for the children of the Lake Tahoe region

and the baskets to be delivered by the club.

On Saturday Phil Geier of Rubicon Beach departed for southern California where he will spend Christmas with friends in Alhambra.

Mr. and Mrs. Jack Hale have been in San Francisco for a few days. Their son Frank has come home from Alhambra for the holidays.

Mrs. H. M. Walker and Mrs. A. M. Henry were in Truckee shopping for the H. and W. Philanthropic Club on Monday.

Mr. and Mrs. S. P. Brown of Tahoe were in Reno on Saturday.

## WALKER HOME NOT BADLY DAMAGED AS FIRST REPORTED

After the flood waters of the Truckee river had subsided last week it was found that the home of Mr. and Mrs. R. H. Brown between here and Tahoe escaped with very little damage. Last week it was reported that considerable damage had been done to the new home. A careful watch by men under the direction of Charles Carrau, manager of the Truckee-Tahoe Lumber company, close friend of the Browns, is believed to have saved any material loss.

FORD offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

## PRICES FOR CARS DELIVERED IN DETROIT—TAXES EXTRA

Standard Ford V-8 (60 hp.)—Coupe, \$599; Tudor, \$644; Fordor, \$689. Standard Ford V-8 (85 hp.)—Coupe, \$629; Tudor, \$669; Fordor, \$714. De Luxe Ford V-8 (85 hp. only)—Coupe, \$689; Tudor, \$729; Fordor, \$774; Convertible Coupe, \$774; Club Coupe, \$749; Convertible Club Coupe, \$804; Phaeton, \$824; Convertible Sedan, \$904.

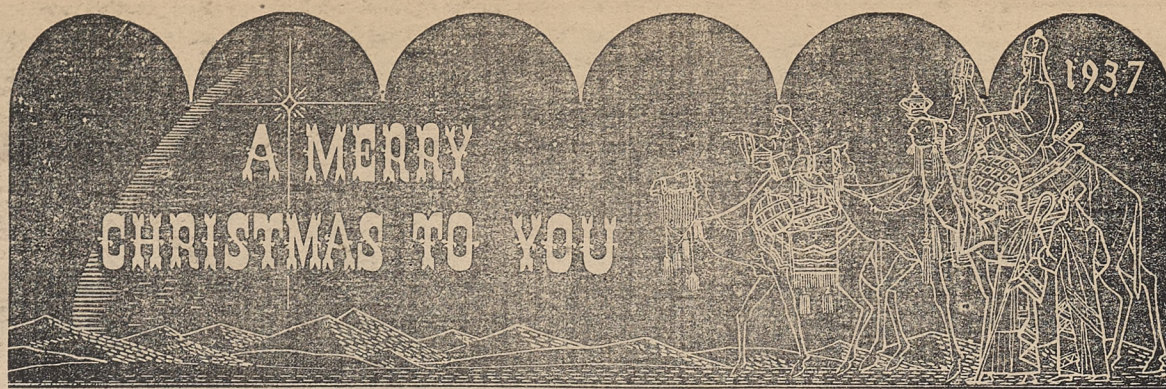

Standard and De Luxe cars equipped with bumpers, bumper guards, spare wheel, tire, tube, tire lock and band, cigar lighter, twin horns, and headlight beam indicator on instrument panel, at no extra charge.

In addition, De Luxe cars are equipped with extra tail light, windshield wiper, sun visor; also de luxe steering wheel, glove compartment lock, clock, and chrome wheel bands, at no extra charge.

# PASTOR EXPRESSES THANKS FOR RECEPTION GIVEN FAMILY HERE LAST WEEK

Mr. and Mrs. E. R. Everett and family wish to thank the good people of Truckee for the delightful reception and many valuable and highly welcome gifts they have received this Christmas season.

The reception alone was enough to make any minister and his family happy. The church was filled with such a pleasant crowd and an interesting program was followed by refreshments served by the ladies. But

imagine my surprise when I lifted the napkin from my plate and found an appropriate Christmas cashier's check for \$85 from the community of Truckee. Together with checks from the Elks, Knights of Pythias, Neighbors of Woodcraft, Truckee Lions, Volunteer Firemen and the Eagles this made possible the most bountiful Christmas we have ever had.

Then there was lots of fruit, a turkey and other good things for our Christmas dinner as well as a beautiful Christmas tree with all the trimmings and a piano we have wanted so long was presented to us.

This community has shown more of the true Christmas spirit than we have ever seen anywhere. May the Lord, whose birthday we are celebrating bless you all and bring great joy, peace and happiness to all of you at this Christmas season and throughout the year.

Mr. and Mrs. E. R. Everett and Family.

## GOLFING WIZARD TO DISPLAY PROWESS AT CAPITAL MEET

SACRAMENTO, Dec. 23.—(UP)—Northern Californians soon may be afforded an opportunity to judge the fabulous golfing prowess of John Montague, Hollywood's "mystery man of the links."

Officials in charge of the Sacramento Open Tournament, to be held February 4, 5 and 6 at the municipal course said they will extend an invitation to the husky easterner, whose all-round athletic ability put the movie colony in a dither.

Richard Arlen, a fair golfer in his own right and Andy Devine, raspy-voiced comedian, also will be asked to attend.

## ANOTHER DIVISION STATE GOVERNMENT TO SACRAMENTO

SACRAMENTO, Dec. 23.—(UP)—Headquarters of the state divisions of probation, boarding homes and adoptions, at present located in San Francisco, will be moved here when the state department of social welfare acquires additional space in the downtown section.

"The policy of the department," said director Mrs. Florence L. Turner, "has been to bring all headquarters to Sacramento. This has not been possible to date because quarters have not been available."

New headquarters will be ready within six weeks.

## Pardon Applications For Modesto "Dynamiters" Will Be Heard Soon

SACRAMENTO, Dec. 23.—(UP)—Pardon applications for seven of the nine men convicted in the "Modesto dynamiting" case an outgrowth of the Standard Oil tanker strike of 1935, will be considered by the state advisory pardon board late this month.

Principal document before the board is a report of an assembly interim committee which recommended pardons for seven of the defendants and against clemency for the other two.

Alphonse Boyle and John Rodgers, the report held, were convicted justly.

The state paroles board has set terms of the two at five years each on charges of second degree burglary and for possession of dynamite.

### Week End Guests—

Mr. and Mrs. Jack Murray and daughter of Grass Valley were week end guests at the home of Mr. and Mrs. E. C. Murray at Hobart Mills.

## POPULATION OF 8 MILLION FOR STATE IN 1950 IS PREDICTED

SACRAMENTO, Dec. 23.—(UP)—California will have a population of 8,000,000 by 1950, according to a prediction by Col. W. M. Garland, chairman of the California Real Estate magazine.

Garland, widely known for his forecasts, places the population of Los Angeles at 2,500,000 in that year.

## 84 NEEDEY CHILDREN IN NEVADA COUNTY ARE GIVEN HELP

SACRAMENTO, Dec. 23.—(UP)—The state department of social welfare's October records revealed that California's aid to needy children under 18 during the month amounted to \$428,216.62.

In Nevada county 84 children were aided at a total cost of \$935.

The October average cost per child was \$14.79 compared with \$14.46 in September.

## DOWNEY WILL ENTER RACE AGAINST MCADOO FOR UNITED STATE SENATE

Sheridan Downey of Sacramento this week announced his intention of contending with incumbent Senator William Gibbs McAdoo for the Democratic nomination for his senate seat next August at the primary polls.

The Sacramento attorney has been active in state politics in the past few years. In 1934 he received over a million votes for the Democratic nomination for lieutenant governor but was defeated in the landslide that overwhelmed his EPIC running mate, Upton Sinclair.

More recently he was defeated for the Democratic nomination for the Second California Congressional seat by incumbent Frank H. Buck of Vacaville.

The Commonwealth-Progressive federation of California has already endorsed Downey for the senate toga.

## TAHOE MAN WILL SEEK STATE ASSEMBLY POST

According to a report from Tahoe City, John S. Lawson, resort owner of that region will be a candidate for the assembly from the Sixth district at the next election. He seeks the seat now held by Jesse M. Mayo.

### Flood Damage—

Frank Wilson of Truckee, accompanied by J. B. Clark of Hobart Mills made a trip to Independence Lake last Saturday and report the flood did considerable damage at the lake. The dam withstood the high water but the embankments on both sides were washed out. The warf and the gardens were wrecked. Independence Camp ground was badly washed.

SEE IF YOUR LOCAL MERCHANT HAS IT BEFORE BUYING OUT OF TOWN.

### Go South—

Mr. and Mrs. Frank Brummond were Reno visitors on Monday and left the following day for Santa Ana and other southern California points where they will visit relatives for a month.

### Deleker Visitors—

T. K. Oliver, manager of the Feather River Lumber company at Deleker accompanied by Roy Gates, who is manager of the store, were Truckee visitors on Sunday.

### Visits Daughters—

Mrs. E. W. Canady arrived in town from Roseville Sunday and visited her daughters, Mrs. Earl Smith and Mrs. Leroy Wilson briefly, continuing on to Sparks where she is the guest of her son, Albert Canady and wife.

### Holiday in Nevada City—

Mr. and Mrs. Frank Wilson left Thursday for Nevada City where they will spend the week end with relatives.

## POLITICALLY SPEAKING

(Continued from Page 2)

When the 52nd legislative session closed its book and the lawmakers went home, there was considerable speculation as to what the governor would make in Rich's direction. Rich steered the administration program through the senate and his record was efficient.

A vacancy on the state supreme court bench brought his name prominently into play. With U. S. Webb, state attorney general, he was one of the favorites for speculative appointment.

Then the judicial qualifications committee said Rich, in view of his senatorial job, was ineligible for the seat.

Rumors that Rich felt he had been

## BUILDING DECLINE NOTED IN STATE

SACRAMENTO, Dec. 23.—(UP)—California construction activities, indicated by the value of building permits issued in the state's leading cities, showed a large decline in October compared with the same month a year ago, statistics compiled by the state chamber of commerce revealed.

The total value of permits in 51 cities during October, 1937, was \$10,942,187, against \$18,730,817 in the like month of 1936.

A total of \$1,000,000 is budgeted for illumination and electrical installation at the 1939 Golden Gate International Exposition.

It sold out gained strength as numerous though unconfirmed stories of his wrath circulated the capitol. One such report even assumed the proportions of representing Rich as promising to campaign through all of northern California in opposition to Merriam next year.

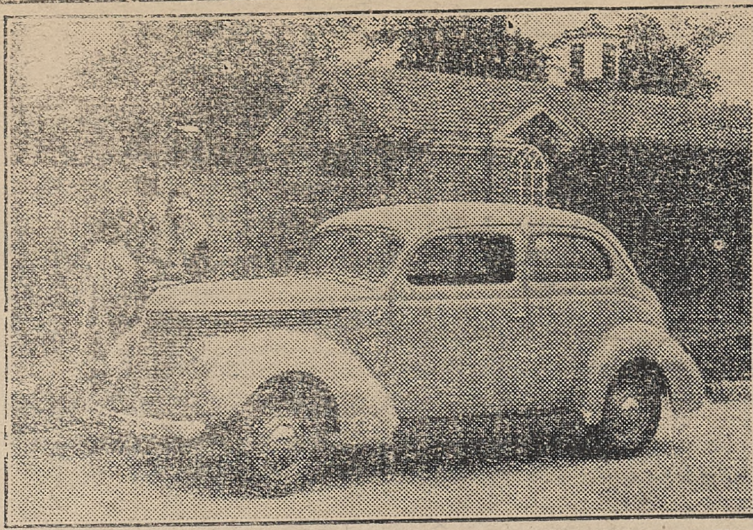

A letter he wrote to the governor's secretary at the time Merriam was experiencing considerable trouble in the Folsom prison wardenship seemed to substantiate the reported breach.

When one of Merriam's staunchest capitol allies made a special trip to Marysville to confer with Rich, the report appeared to be definitely down.

The trip might have been a social call. But there are a lot of people who don't think so. The think it was strictly business.

## 1936 Ford V-8 Standard Tudor Sedan

MOST popular of all the Ford V-8 body types is the standard Tudor sedan, shown above. A longer hood, more sweeping lines and newly-designed front end, grille, fenders and hubcaps are featured. The car is available either with 85 horsepower or 60 horsepower V-8 engine. Interiors are attractively appointed. The front seat is full width. The seat back is divided. The sections are hinged diagonally and swing inward as they are tipped forward so as to leave a wide passageway on either side for entrance to the rear seat. Like all Ford body types the Tudor sedan has a large built-in luggage compartment. The standard cars are engineered for owners who demand the maximum of economy in first cost and operating cost.

## TWO DUCK HUNTING SEASONS IN STATE NOW IS PROPOSED

SACRAMENTO, Dec. 23.—(UP)—California will have two duck seasons next year if Herbert C. Davis, executive officer of the state fish and game commission, wins federal support for the plan he has in mind.

As an alternative to this, Davis would provide a two months season, with restricted shooting days, for the state's sportsmen.

He outlined his proposals to Ira Gabrielson, chief of the U. S. Biological Survey, in a series of conferences at Portland, Oregon.

Davis viewed either of his plans as more "sensible" than the November 27—December 26 season in effect in California this year, which he said is unsuited to widely varied conditions of altitude and latitude.

Approximately 1,400 men are now employed in construction of Treasure Island, site of the 1939 Golden Gate International Exposition on San Francisco Bay.

"The fore part of the season is too early for the lower Sacramento Valley, the San Joaquin Valley and southern California," he explained. "Ordinarily the ducks do not appear in these regions until the middle of December in any great numbers."

In the northern section of the state, and in even southern California's mountain areas, he said, lakes already are frozen over. Cold weather also has caused the ducks to fly farther south. Northern hunters have protested strenuously against the late season in their region.

As an alternative, Davis proposes that the northern and mountainous sections of the state be permitted to hunt during the month of November, with the season open in southern California during December.

His second suggestion is that the season be opened throughout the state on November 1 and run through December. Under such a set-up, hunting would be limited to Wednesdays, Saturdays and Sundays.

This plan would provide duck hunters with 60 of the best hunting days. Another of Davis' objections to the late season is that with the cold weather "hunting at any time during the present season is nothing but a recreation."

Davis also discussed allocation of California's funds under the Pittman Robertson act for improvement of game conditions. This money, plus the state's contribution, would amount to approximately \$200,000 annually and would be used to build duck and game refuges, artificial watering places for quail and other game conservation and propagation measures.

## RAY INGELS GIVEN HONORS ON INTERNATIONAL GROUP

SACRAMENTO, Dec. 23.—(UP)—Appointment of Director Ray Ingles of the state motor vehicle department as a member of the international commission of the Permanent International Association of Road Congresses was announced in a communication received from the state department at Washington, D. C.

Ingles, recently elected president of the American Association of Motor Vehicle Administrators, will represent that organization on the international commission. The commission is charged with arranging for annual sessions of the road congresses association at which long-range highway development and improved international relations are discussed.

With appointment of Ingles, two state officials now are members of the international commission, C. H. Purcell, state highway engineer, having been named to that body some time ago.
